CONCURRENT ENROLLMENT

DEADLINE: Concurrent Enrollment Forms must be submitted to L&S Undergraduate Advising PRIOR TO enrolling in a course at another institution.

Students are meant to attend UC Berkeley full-time, and to take all courses here during the fall and spring terms. Nevertheless, a student may gain permission also to take one or more courses at another institution simultaneously in extraordinary circumstances.

If all of the following conditions are true, approval is automatic once you have submitted this form. Check all that apply.

- You are enrolled full time at Berkeley, at a minimum of 13 units (unless with an approved short study list).
- You are in good academic standing: not on probation, registration not blocked, no grades of D, F, or NP in the prior semester.
- You are submitting this form prior to enrolling in a course at another institution.
- You have reviewed the L&S webpage on Transfer Credit (https://ls.berkeley.edu/advising/planning/transfer-credit).

If any of these are not true, concurrent enrollment might still be permitted, but you must contact L&S Undergraduate Advising to make an appointment to discuss your situation before registering at another institution.

I understand the above condition and information and agree to all of it.
